September 3, 2019

As previously stated, CISD Administration was made aware of a rumor of a possible threat to the High School campus. The District immediately notified the authorities and assisted in investigating the rumored threat. Both the Department of Public Safety and Leon County Sheriff's Office participated in the investigation and found no evidence that a threat was ever made or that a credible threat to the school existed.

The District will continue to remain diligent in investigating all threats as they may arise and there will be an increased law enforcement presence on campus. The District is currently evaluating options in order to make this presence permanent. We appreciate the efforts of our law enforcement officials and the community as we continue to strive to provide a safe learning environment for all of our children.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Jeitz', written in a cursive style.

Jason Jeitz

Superintendent
