KEY: n - non-winning performance
y - event run in yards, time converted to metric equivalent using conversion chart of National High School Federation. All marks assumed to be wind-aided.
i - event contested indoors
s - 200 yards/meters run on straightaway
+ - legal wind (< 2.0 m/s)

All hand times reported in one-hundredths (0.01) have been rounded up to the next one-tenth (0.1). Only known fully automatic times are listed in one-hundredths. Fully automatic times for individual sprint events are considered better than hand times by 0.24 second. Lower hand times that do not exceed the 0.24 conversion are indicated in parenthesis.

Preliminary marks, except from the Kansas Relays, the State Indoor, the State Outdoor, and USATF sanctioned national meets, are not accepted because of their general unavailability. Any preliminary mark accepted is designated by (p).
