Subject: Resignation

Dear Waco ISD Board of Trustees,

Some of you have known for sometime that I have been having health issues. It has gotten to the point that I have trouble doing the job that I was trusted to do for our school children. For this I regret that I must resign immediately due to my health.

I know that the board has many decisions to make in the up coming weeks and months and I wish you well and I know you will make it right.

We have spent many hours, weeks and months together and we have become close to each other. I will miss you all and I wish you luck.

Tu Amigo in Christ,

Larry Perez
