WHEREAS, N.C.G.S. § 166A-19.22, which is part of the North Carolina Emergency Management Act, authorizes cities to declare a state of emergency under conditions and following procedures contained in N.C.G.S. § 166A-19.22; and

WHEREAS, the Coronavirus (COVID-19) pandemic has created a state of emergency in the City of Greenville ("City"); and

WHEREAS, the Governor has declared a state of emergency on behalf of the State of North Carolina on March 10, 2020; and

WHEREAS, the Greenville City Council, at its March 23, 2020 meeting directed the Mayor and staff to prepare an emergency proclamation by the Mayor addressing COVID-19 and the entire Council supports this Proclamation; and

WHEREAS, historic evidence from the 1918 Pandemic shows that cities that implemented restrictions on public gatherings, and public activities fared better in reducing the transmission of the influenza virus then other cities who were not pro-active;

WHEREAS, City issued a Proclamation of Emergency on March 16, 2020 and Second Proclamation of Emergency on March 19, 2020 for the purposes of cancelling most City public meetings through March 31, 2020; and

WHEREAS, since execution of the Governor's State of Emergency and the City's Proclamations, residents of Pitt County have been tested for the COVID-19 virus. As of March 23, 2020 there are six (6) cases of COVID-19 in Pitt County, as well as increasing evidence of cases in neighboring counties. This Proclamation and Order is necessary to slow the rate of spread of this virus; and

WHEREAS, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 particularly, and evidence that age, condition, and health of a significant portion of the population of the City places the population of the City at risk of serious health complications, including death from COVID-19; and

WHEREAS, this Proclamation addresses the "Essential Critical Infrastructure Workforce" and restrictions and those exceptions to the restrictions on City residents and those who work in the City. The categories of essential services and business addressed in this order include healthcare and public health; law enforcement, public safety, and first responders; food and agriculture; energy; water and wastewater; transportation and logistics; public works; communication and information technology; other community-based government operations and essential functions, including human services; other community-based human service operations; critical manufacturing; and hazardous materials as defined in the "Memorandum on Identification of Essential Critical Infrastructure Workers during COVID-19 Response" from US Department of Homeland Security; and

WHEREAS, many individuals who contract the COVID-19 virus display no symptoms or have mild symptoms which means they may not be aware they carry the virus. People without symptoms can transmit the disease and because evidence shows the disease is easily spread, mass gatherings can result in further transmissions of the virus; and

WHEREAS, it is essential to slow viral transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed; and

WHEREAS, this Order and Proclamation is necessary to slow the rate of the spread and is the least restrictive based upon the current evidence.
