RE: Sasha Love Higgins Resignation

Of Counsel  
W. James Host

It has been one of the great honors in my life having been elected by the fine people of the 2<sup>nd</sup> district to represent them on the LFUCG Council. I am proud of the progress we have made together. As you know, I am currently involved in a situation that requires a great deal of my attention. As a result of the distraction that will grow even greater over the next several weeks, I will be tendering my resignation from the Council. This will give Mayor Gray ample opportunity to consider and appoint who I am certain will be an outstanding council member.

I wish to thank my colleagues on the Council and Mayor Gray for the opportunity to work with them for the past several months. I wish them Godspeed as they continue, beyond my departure, with the fine and honorable work of leading this great community and continuing the progress of which we are all so proud. I wish my successor well and offer any assistance that I can provide in this transition. As I am called to do, I will continue my work in the civic arena – with the goal of making our community the best it can be for all.

I must devote attention to telling my story and to my family.

Thank you and God Bless,

Sasha Love Higgins
