PUBLIC HEALTH

FOR IMMEDIATE RELEASE

May 9, 2020

POTTAWATTAMIE COUNTY NEW COVID-19 CASES

On May 9, Pottawattamie County Public Health (PCPH) reported four new COVID-19 cases all of which are residents of Council Bluffs. The new cases include three females and one male. Two individuals are 18-40 years old and two are 41-60 years old. The total of COVID-19 cases in Pottawattamie County is now 84. Currently, 44 individuals are self-isolating, two are hospitalized, 36 have recovered, and there have been two deaths.

For additional information visit the Iowa Department of Public Health's COVID-19 dashboard at coronavirus.iowa.gov. The dashboard is updated daily and contains Iowa's total number of cases, recoveries, deaths, tests conducted, and epidemiological curve. You can also filter by county to explore case demographics on a local level.

PCPH continues to conduct contact tracing investigations for each COVID-19 case. If and when a risk to the general public is identified, PCPH will publicly identify the location and communicate any actions the public should take.

Because we have community spread of COVID-19, individuals should take precautions to protect themselves. Stay home as much as possible, limit travel and shopping, practice social distancing by staying at least six feet away from others. Wash hands and disinfect frequently touched surfaces multiple times per day. If you are sick, stay home.

Iowans are still encouraged to go to www.testiowa.com and complete the assessment. TestIowa is an initiative designed to dramatically increase the rate of COVID-19 testing in Iowa.

If you have COVID-19 symptoms or develop symptoms (fever, cough, shortness of breath), contact your healthcare provider before going to the doctor's office or an emergency room.
