

FOR IMMEDIATE RELEASE

MAY 27, 2020

POTTAWATTAMIE COUNTY TEST IOWA SITE LOCATION

Pottawattamie County Public Health (PCPH), Pottawattamie County Emergency Operations Center, and Iowa Homeland Security & Emergency Management have been working with Governor Reynolds's office to mobilize a Test Iowa site in Pottawattamie County.

The Test Iowa site in Pottawattamie County will be located at the Western Historic Trails Center at 3434 Richard Downing Ave in Council Bluffs, Iowa. The Test Iowa site begins with a soft opening on Friday, May 29 and Monday June 1 from 12 p.m. to 6 p.m. The site will be operational Monday – Friday. An end date has not yet been set.

In order to get tested at the Test Iowa site, individuals must complete the health assessment at www.TestIowa.com. Test Iowa will prioritize testing for those who currently have symptoms, have interacted with someone who has tested positive, or have recently visited places where COVID-19 is widespread. After completing the assessment, individuals will receive a time and date for their test. Individuals will not be tested if the assessment is not completed prior to showing up to the site.

Supplementary information, including how to apply for testing, and where other test sites are located throughout the state, can be found at <https://coronavirus.iowa.gov/>.

PCPH will release additional details regarding the Pottawattamie County Test Iowa Site as soon as they become available.
