LIFE CARE OF ELKHORN NUMBERS UPDATE

Overnight, we had one more resident pass away who was positive for COVID-19, bringing our number of deaths related to COVID-19 to six. We mourn the loss of our residents. Our No.1 focus is the health and well-being of our residents and the safety of our staff.

We continue to follow all guidelines from both federal and state health authorities. Our staff have been vigilant to practice all necessary procedures of infection control. We are doing everything we can to provide the best care for residents and to safeguard our staff. We are grateful for the ongoing help and support of both the state and the county, as well as the Elkhorn community.
